

## SUPPORT AT HOME PRICING

At Sunraysia Residential Services (SRS), we are proud to be a local, not-for-profit organisation supporting people to live the lives they choose. Since 1976, we've been delivering person-centred and creative supports that empower individuals with disabilities and older community members to achieve their goals and maintain independence.

SRS is guided by a simple principle: people are at the heart of all we do. We design, deliver and review our services with a focus on consumer outcomes, choice, and control. Our experienced management team and volunteer board bring deep commitment, compassion and local understanding ensuring that every service we provide enhances wellbeing, dignity, and connection within our community.

### Our service prices

Our service prices are current as at the date of publication, and effective from the commencement date of the program. These prices may be subject to change as further guidance and information is provided by the Government, and we will keep you informed.

Support at Home services will be grouped into three categories and charged according to that category.

The categories include Clinical Services, Independence, Everyday Living and Care Management.

Key changes have been made that relate to Care Management and Package Management Administration fees:

- You will continue to pay a Care Management fee; however, it is now capped at 10% of your Support at Home budget and is automatically applied by Services Australia.
- You will no longer be charged separately for package management. These costs are now incorporated into the cost of each service you use.
